

HISTORY

Barbara began her doll career by making modern reproduction porcelain dolls in 1986. In September 1997 Barbara took the first of two sculpting classes with Jack Johnston at the Patti-Lynn shop in Greensboro, NC. From that point on she was hooked and has not stopped learning and practicing the art since. Each year Mr. Johnson invites 12 of his most promising students to a professional class in his studio in Salt Lake City, UT. This is a week long very intense seminar where the students learn doll making and marketing techniques. Barbara had the honor of attending this seminar in September 1998. She is now a member of the Professional Doll Makers Art Guild and the Academy of American Doll Artists (AADA). Barbara's dolls are mostly babies and children and are produced in either one-of-a-kind polymer clay or limited edition resin. All of her dolls are signed and numbered and come with a certificate of authenticity.

*REALISTIC BABIES AND
CHILDREN AVAILABLE
IN POLYMER AND RESIN*

ONE-OF-A-KIND MINIS

Barbara makes small 3-4 inch one-of-a-kind anatomically correct babies such as this one which are available both directly from her and through Ebay.

BEAR (BARE) SKIN BABY

This beautiful "bare" 4 1/2" baby is sleeping peacefully on her soft "bear skin" rug. She is available in a resin edition of 50 each. All are hand painted and come numbered with a certificate of authenticity. The boys are sold out.

BATHTUB BABY

This adorable anatomically correct 4" baby is playing happily in her tub. She is available as resin is an edition of 20.

9 INCH ONE-OF-A-KIND JAMMY BABIES

These small one-of-a-kind babies dressed in their Jammies and are available directly and on Ebay. They are created individually from Cernit and have sculpted head, hands and legs with baked on mohair.

APRIL / BLOSSOM

April and Blossom are 20" resin babies. They have "soft" glass eyes, a sculpted head, hands and feet with a body that is weighted to feel like a real baby. They are available in an edition of 25. Each doll is uniquely costumed.

LIFE-SIZE ONE-OF-A-KIND BABIES

Life-Sized one of a kind (OOAK) babies using Cernit. These babies are each about 20 inches and are weighted to feel just like real babies.
